Applied to Life.™

**3M™ Half Facepiece
Reusable Respirator 6500QL Series**

Rugged comfort in the harshest environments.

The 3M™ Rugged Comfort Half Facepiece Reusable Respirator with quick latch mechanism is designed with tough and dirty worksites in mind.

Stay productive and protected. The 6500QL Series delivers comfort, durability and stability with a firm, lightly textured silicone faceseal, strong body construction and our proprietary quick latch mechanism that offers fast donning and doffing – for those frequently moving in and out of contaminated areas.

#3MScienceOfSafety

Rugged comfort, low profile.

3M™ Half Facepiece Reusable Respirator 6500QL Series

Overmoulded/Low-Profile Design

- Simplified cleaning and maintenance with fewer parts and crevices
- Advanced half facepiece design for a wide field of view
- Compatibility with welding/grinding shields

Adjustable Head Harness Assembly

- Optimum fit and comfort with three-size adjustable head cradle
- Long-lasting polyester/spandex straps

Valve Cover Design

- Directs exhaled breath and moisture downward
- Easy positive pressure seal check

Silicone Faceseal

- Provides comfort and stability with a soft but firm faceseal
- Extended product life due to resilient silicone material
- Our lightest silicone facepiece
- Keeps its shape in high-heat environments

Cool Flow™ Valve

- Enhanced comfort by reducing heat and moisture
- Easier breathing with unique valve design

3M™ Bayonet Connection

- Compatible with all bayonet style 3M™ cartridges and filters

Convenient Quick Latch Drop-Down Mechanism

- Easy on and off as you move in and out of contaminated areas
- No need to remove hard hats or faceshields when lowering and raising the respirator

Quick Latch closed

Pull up on latch

Quick Latch open

Pull down on latch
