

PRODUCT SPECIFICATION.

TORQUAY SPIN-FX™

327530 ▶

Description: 150mm high ankle boot with scalloped padded collar and tongue plus toe guard.

Upper Materials: Cowhide water-resistant waxy leather double stitched with nylon thread, plus Mako toe guard and heel counter.

Toe Cap: 200J Composite.

Lining Materials: Fully lined with SpacerMesh which is a soft, non-abrasive, hydrophobic material. Designed to wick perspiration away from the foot, enabling the skin to remain cool & dry.

SPIN-FX™ Powered by Boa® Closure System:

This boot is designed with a closure system reinventing how work boots perform. Simply turning the dial will give you a perfect, comfortable fit. A simple pull of the dial immediately loosens your boots to be relaxingly kicked off at the end of a long day. No more loose or straggling shoelaces. Improved ankle support provides

secure foot comfort increasing work safety & efficiency.

Full Innersole: Tri-sole comfort system, foot bed inserted into the footwear to offer additional support & comfort. The foot bed is made of soft polyurethane that will retain its shape & thickness throughout the life of the boot

Insole: Heavy-duty, flexible anti-bacterial non-woven insole.

Midsole: Directly moulded polyurethane midsole for greater shock absorption.

Outsole: Oil and acid resistant nitrile rubber outsole, which is heat resistant to 300°C (572°F).

Trisole™ Comfort Technology Soling System:

The Steel Blue soling system is a patented three density soling system that offers a high level of comfort, shock absorbency and energy return. The system uses PORON® an energy absorbing insole under the foot to give the wearer superior comfort and offers similar

TORQUAY SPIN-FX™ (327530) FEATURES:
