Whyalla Nitrile / Bump / PR | 382108

The Whyalla Bump PR is a 95mm men's hiker style lace-up safety boot with a penetration-resistant midsole and bump cap.

Upper Materials
Full-grain (Black) cowhide water-resistant leather upper with double stitching in nylon thread. Features a padded collar and tongue, and non-corrosive lacing.

Toe Cap
200J Steel Toe Cap

Lining Materials
This boot is lined with Baltico®, a soft, non-abrasive, hydrophobic material that wicks perspiration away from the foot, keeping the skin cool and dry.

Full Innersole
A full-length footbed is inserted into the footwear to provide additional support and comfort. This footbed is made from soft polyurethane, which will retain its shape and thickness throughout the life of the boot.

Insole
Heavy-duty, flexible, antibacterial, non-woven insole.

Midsole
Directly moulded polyurethane midsole for greater shock absorption. Penetration resistant midsole to prevent sharp objects getting through to your foot.

Outsole
The Anti-static Nitrile Outsole offers superior resistance to abrasion and heat resistance to 300°C.

Trisole® Comfort Technology
The Steel Blue soling system is a patented three-density soling system that provides a high level of comfort, shock absorbency, and energy return. The system uses PORON® as energy-absorbing pads placed under the pressure points of the foot to deliver superior comfort and offers shock absorbency comparable to that of sports footwear.

Safety Boot Features

Steel Toe Cap · Nitrile Outsole · Penetration Resistant · Bump Cap · Slip + Oil Resistant

Anti-Static · Water Resistant · Lace Up · Premium Leather
